JULY 85 ISSUE 7

DX INFORMATION EXCHANGE 147.18 0130Z WEDNESDAYS

BAR-B-Q PARTY

All CDXA members are invited to take part in our late summer gathering. It will take place at 1606 Crescent Ridge, Fort Mill, SC. This is the QTH of Carol and Gary Dixon (K4MQG) who has loaned their home in the country to the CDXA for this event.

A map is enclosed to help locate the place and you may also use the repeater for further directions if you get lost.

This will be a semi-covered dish type of gathering since CDXA will furnish either BBQ ribs or chicken halves, plus free beer and soft drinks. Each member is requested to bring either slaw, tator salad, dessert, rolls, baked beans or tea etc..Ur choice..

Rain? No bother since Gary's basement will hold everyone and half of the vehicles.

Need a few of you fellows to offer ur help beforehand since the Dixons were promised they only watch if we can have the place.

Since CDXA will purchase the meat before the date of the BBQ, we only ask that each member share the cost, which will be only a few bucks each..See KD4RH at the BBQ.

RSVP by July 27th to KD4RH, WA4VCC or W4WMQ with the total number you will bring.

Place: QTH of K4MQG Gary Dixon

Date: 3 Aug 1985

Time: 5:00 PM

MINUTES OF CDXA OFFICERS MEETING

27 Jun 85

All rough/proposed

- \$1:00 per QSL policy, when being sent as a group by CDXA.
- Need \$ and new members. Use a zip code mailing list to inform non-members in

our area. Also suggested going to a \$15:00 annual dues.

- 100 free QSLs (with ur call & address) to all paid members starting in 1986, (a special design to show our colors)
- New wide coverage repeater, can be ours for about \$3K or \$60. per member. This is a sure way to gather more members.

We need the growth, we need new blood, we need to move forward in our activities so we can help those needing it. It may be possible to put the new antenna above 1000 feet in the Charlotte area.

- Nomination of Officers: send ur suggestions to Gary, KD4RH, for the office of President Bulletin Editor V-President Net Manager Sec/Trea

We know its still summer and you have until this fall to decide, but make sure you are heard, it's your club.

- Fall meeting proposed Sept 7th
- Winter meeting proposed Dec 7th, both at the Hereford Barn in Charlotte, NC
- Both will have guest and slides which will be listed later.
- Start an Awards Committee.
- List new members along with a little history about each one.
- Robert, KF4NO has the CDXA Bylaws in a rough form now.

Too few people have did too much work for CDXA in the past, its time for you, the members, to get involved. Send ur cards and letters, get on the net or call KD4RH with your comments. We need and want to hear from everyone. Ur comments may be the right thing to give CDXA the boost it needs.

5X5GK... is now accepted for DXCC credit by ARRL. All contacts back to 28 Aug 84 and forward are ok. 5X5BD and 5X5WR are good as of 1 Jun 85 only..

QSL AND DX INFORMATION

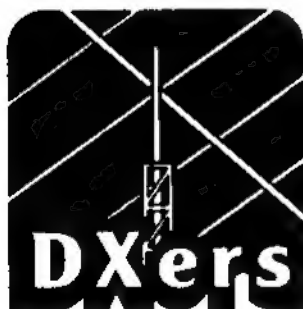

VE3OMC in China for 2 months, look each Sat-Sun on 14160 @ 1200Z----W6EYB operated as A6XYB in Feb 84 and still has not been approved----PY0ZZ on 1-81 & 10-82 via PY7ZZ who still has the logs----AH2U via K9XR----S92LB heard 14045 @ 1800Z----DK0UK says he will be in ZA this Sept for 2 weeks. He also agreed to visit INDEXA's net if it works this time----An Ivory Coast station reports he will be in 5V starting 15 Jul for 2 weeks----Kerguelen Island seems to have

been worked by worked by all that needed it. FT8XC Michel and FT8XB Chris were on 20 July 4th at 1109Z and 1230Z calling CQ with few takers. I talked to both of them and answered their questions about the dead band. It was announced on 2 mtrs with no replys. They called CQ a little longer and went QRT.----S92LB, Luiz Soares Beirao, via Box 147, Sao Tome, Rep Dem De Sao Tome-Principe, using a TS520/VFO and 2 dipoles. More on Luiz and the start up of 3B9AA later.

FCC.....Radio jammers arrested in Detroit Metro Area. Five were involved and one of them had an Advanced Class license, the others were not licensed. Three of the non-amateurs will face a possible 1 year sentence/\$10,000. fine. The other twofaced fines of \$750. and \$5,000. All were jamming a local repeater. FCC proposes auxiliary operation for all amateur frequencies except 431-433 & 435-438 Mhz. Auxiliary operation is used for remote control, automatic relays and for intercommunications between amateur stations in a system of stations. PR Docket 85-215.....FCC upholds Field Operation Bureaus partial grant of amateur Brian L. Snyders Freedom of Information Act and Privacy Act requests. Snyder had requested copies of documents concerning his Amateur Radio operations. With the exception of names and addresses of three complainants, all was released to him. Despite Snyders objections, the Commission concluded the names and addresses were confidential and would not be released. Order FCC 85-138....\$2,000. notice of apparent liability issued to Amateur James Brantley, K6KPS of Los Angeles, Ca.

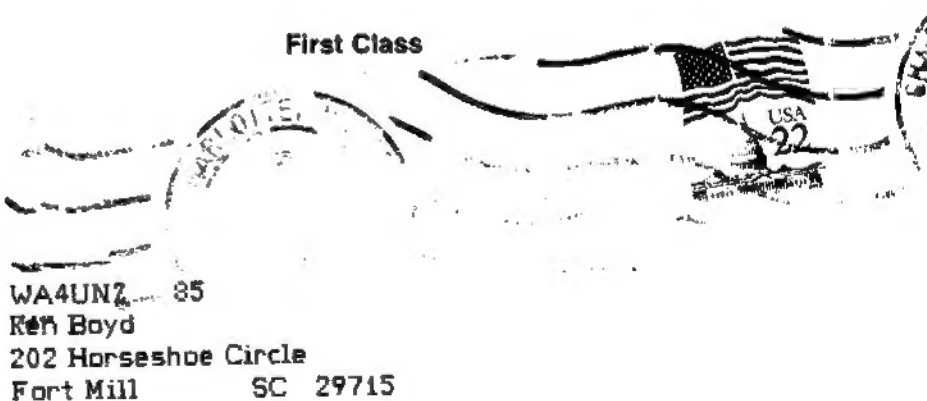

On Dec 19, 1984, the FCC observed Brantley on several 20 meter frequencies making long CQ calls and calls which purported to be attempts to establish contact with other stations, some of which did not exist. He also would not reply when answered by others...
